Well, it's that time of month again... Drill is here! I hope you all had a wonderful holiday and Happy New Year with your friends and family.

This month's IDT main focus will be conducting COMMO Training, VCOFT training, along with business as usual with maintenance, drivers training, and admin tasks. Let's try and stay focused and get this week-end done and continue to train to standard. If you need anything prior to drill, please reach out to your section leaders. And of course, if you need anything directly from me, feel free to contact me anytime. My phone is always on and my door is always open.

Please be safe and careful! I will see you all at drill and thank you for all that you do for the unit!

LT Pavese

RNCO

ALL,

There maybe changes to the AT. It is still in the works and I don't have to much information yet but there is a unit deploying and they will need AT support in June more information to follow as I get it.

Lets welcome back the Forward members of the unit, they will be back with us about March Drill.

Let also welcome SSG Cron as our new Supply NCO

Check the school listing it is current I also have the information for all the DLC for the E4-E6. E7 and above is controlled by the State and I do not have any input on it.

Sad news is that we will be saying good bye to SFC Belvis, He is moving on to bigger and better things so if you see him tell him thank you for all he did to help the unit. He will be missed.
