COMMANDER'S INTENT

This upcoming Drill we will have plenty of training/work to accomplish during this IDT weekend. The main focus is business as usual with the work/support that we provide to the battalion. All sections will have plenty on your plate to keep you engaged. If you continue to be engaged and motivated this weekend, we will continue to be successful. Be prepared for the cold weather since we will be at the GAP and let your chain of command know if you need anything.

Be safe and careful! I will see you all at drill and thank you for all that you do for the unit!
